

Code 56
Keynes House,
Chester Park, Alfreton Road,
Derby DE21 4AS

23 Skidoo are a branding, design and web agency that helps individuals, businesses and organisations connect with customers and communicate their offering effectively.

Working with IT most of the time, we often encounter problems and need advice. Code 56 are always on hand to offer expert support where needed.

Most importantly our clients use IT and also require expert support. Each and every time I have recommended Code 56, the feedback and testimonials for Owen have been astounding.

From office 365 migrations to PC purchase, install and support, Owen has excelled not only my clients expectations but also my mine.

I would (and do) recommend Code 56 and Owen to all my clients for expert IT support, without fail they are in safe hands.

Thanks for me making me look good Owen. Everyone needs a nerd like you.

Alan Jeffels
Director
